ness and improving his facilities for doing good  
work, and respectfully solicits an enlarged public  
patronage. His customers will generally find him  
prompt, attentive to business, and anxious to accom-  
modate those who pay for their work. He is pre-

ful styles; Pleasure Carriages of all kinds; Carts,  
Drays, Timber Wheels, &c., &c. His work will be  
made of the best materials, in a good substantial  
manner, and on reasonable terms.

He keeps constantly on hand for sale, LUMBER  
WAGONS, ONE HORSE WAGONS, CUT-  
TERS, SLEIGHS, &c.

### Farmers, Look Here!

He manufactures Ball & Post's CULTIVATOR,  
a new article patented April 6th, 1852, to which he  
would call the attention of agriculturists. As a la-  
vorsaving machine, it is capable of doing double  
the amount of work of any ordinary Cultivator.—  
This implement has two long shares, one on each  
side, constructed of steel, and fastened on the mould  
boards in such a manner as to move the entire sur-  
face of the ground, thereby cutting all roots and  
weeds that come in contact with the shares which  
may be graduated by the clevis to run from two to  
six inches in depth.

The three small plows attached to the shares an-  
swer the same purpose of the common tooth culti-  
vator, and in addition to the shares and plows, is a  
metallic blade rake attached to the rear of the Cul-  
tivator, which serves to cut and break up the soil  
and hard lumps, leaving the earth in a fine and pul-  
verized condition. The effectiveness of this culti-  
vator renders second hoeing unnecessary, which is a  
saving of time and labor.

Mr. Perrin also manufactures a larger sized ma-  
chine, constructed upon the same principle as the  
above, but with larger shares, and containing two  
small plows in addition to the corn cultivator, which  
is designed to put in grain, and working upon sum-  
mer fallows. They are light, and of durable con-  
struction, readily handled and of easy draught.

This CULTIVATOR obtained the first premium at  
the Ohio State Fair, held at Cleveland in Sept., 1852.

### REFORM OR ECLECTIC PHYSICIAN.

I hereby give notice to the people of Perrysburg  
and elsewhere that I am now fully prepared to treat  
persons afflicted with diseases of any kind, and all  
such are respectfully invited to come and be cured.  
My mode of removing disease is by the use of

### Vegetable Medicines.

Selected from all the best made use of by physicians,  
always acting in unison with the powers of life, and  
which do not leave the system in a shattered and de-  
bilitated condition, such as generally follows the use  
of Mercury and mineral medicines. From many  
years experience in the use of Vegetable Remedies,  
I feel justified in saying that every form of disease  
can be entirely cured by the use of my medicine, for  
thousands of people are annually cured of every kind  
of disease by the use of these medicines. I am also  
assisted by the advice of many eminent Eclectic phy-  
sicians in the United States.

Among the many diseases which I have cured and  
am prepared to cure again, are the following: Fever  
and Ague, Bilious, Typhus, and febrile diseases of  
every type; diseases of the stomach and bowels;  
inflammation and debility of the Liver and Lungs;  
Rheumatism of all kinds; White Swelling; Scrofu-  
la; all kinds of Old Sores; old Ulcers and Old Sore  
Legs. Come and converse with those that I have  
cured, and they will tell you that three dollars has  
cured them, with me when forty dollars elsewhere  
did not. Sore Eyes, Asthma, all diseases of the  
throat, mouth and head; pain in the side; weakness  
in the back; Dropsy; breaking out on the surface;  
humors in the blood; Piles; Venereal diseases cured  
in a few days; all diseases of Children, and particu-  
larly all diseases of Women;—those weaknesses so  
common to them can be removed;—and other dis-  
eases too numerous to mention, both general and  
local, will be cured in the shortest possible time.  
Come and see, and put away your prejudices and be  
cured.

If any reasons be asked for the decided stand I  
take on this subject, they can be given. In the first  
place, so many of the inhabitants of the world as are  
acquainted with me, either personally or by charac-  
ter, will expect this duty at my hands. Second, my  
conscience, which I cannot with any degree of prop-  
riety resist, is night and day exciting me forward by  
every allurement of happiness to embark in this glo-  
rious cause, and by every degree of unhappiness if I  
faint-heartedly shrink back into apathy after being  
so long as 15 years using every means in my power,  
both in and out of the profession, to stir up some able  
hand to undertake this, of all reforms, the most nec-  
essary. And third, my God, whom I incline to serve  
with all my heart, soul, strength and mind, says in  
Exodus, "Thou shalt not kill;" hence, if I suffer  
any false system to oppress the human family, and  
countenance the same, and do not lift up my voice  
against it, He will rank me as a murderer, and pun-  
ish me accordingly, see the 27th and 28th chapters of  
Deuteronomy. Read also the 25th chapter of Mat-  
thew, where every one of us is called upon not to hide  
our talents, be they ever so few or weak; and hence  
I contend, that if I possess only one talent as a qual-  
ification to eradicate only one error of medical prac-  
tice, or establish only one truth of medical theory,  
and do not make proper use of that talent, I am as  
culpable as if I had five talents rolled in a napkin.

My office is on Front street, opposite Houston's  
store. Also, Botanic Medicines for sale.
